Hans,

Charlotte's edits are attached. One edit needed on page three before this goes to Alex for final review.

Thanks,
Kaitlin

Hi Nancy,

Dave felt that it was more responsive, but not absolutely necessary, to include the deleted text and wanted to see if, after reading the explanations, you felt that any could remain. If you recommend deleting all, the file is set up so that all the changes, including all the deletions can be implemented by accepting the changes.

Thanks,
Hans

Many thanks. I have one comment in the attached- responded to Dave Turk.
Daves other comments are helpful. Should I presume that the redline deletions will be deleted or dose dave think that the explanaiton negates the need for deletion? I was confused.

Thanks.

Nancy,

The attached document we we responded to your comments. I understand that you spoke with Jeff about the approach for language regarding CBI chemicals and this includes the agreed upon language. If any questions please let us know.

Thanks,
Hans
